

Part II -- Confidential Evaluation
(may be turned in separately)
Graduate Degree

Date: _____

The following information on courses, faculty and requirements will be used to strengthen our program. Your participations is appreciated

.....
The statements that follow relate to the general characteristics of the FSU Computer Science department. Using the scale provided, please indicate the response to items 1-9 that best represents your opinion.

- 0 = Strongly Disagree
- 1 = Disagree
- 2 = No Opinion/Not Applicable
- 3 = Agree
- 4 = Strongly Agree

- | | | | | | |
|--|---|---|---|---|---|
| 1. My academic advisor was available when I needed help. | 0 | 1 | 2 | 3 | 4 |
| 2. My academic advisor was knowledgeable about the requirements needed to complete my degree. | 0 | 1 | 2 | 3 | 4 |
| 3. There were adequate opportunities for students to interact with the faculty on an informal basis. | 0 | 1 | 2 | 3 | 4 |
| 4. The members of the faculty were concerned about students' learning and development. | 0 | 1 | 2 | 3 | 4 |
| 5. The required courses provided the necessary breadth of knowledge and experience for subsequent elective courses in my area of interest. | 0 | 1 | 2 | 3 | 4 |
| 6. Sufficient elective courses were available in my area of interest. | 0 | 1 | 2 | 3 | 4 |
| 7. The quality of instruction in the computer science department was good. | 0 | 1 | 2 | 3 | 4 |
| <i>MS Students Only</i> | | | | | |
| 8. I can design and implement software solutions in more than one language for a variety of complex problems. | 0 | 1 | 2 | 3 | 4 |
| 9. I am able to make clear and informative oral presentations on programs I have written or have developed with a group. | 0 | 1 | 2 | 3 | 4 |
| 10. I can competently document programs I have written or in which I have participated in writing. | 0 | 1 | 2 | 3 | 4 |

11. I have a sound foundation in the theoretical and mathematical bases of Computer Science. 0 1 2 3 4

PhD Students Only

12. I am able to make clear and informative oral presentations as required for presenting research findings. 0 1 2 3 4

13. I feel qualified to teach any core undergraduate course in CS if I were to accept a position. 0 1 2 3 4

14. The area exam and completion of the portfolio provided the necessary breadth of knowledge and experience for being admitted to candidacy. 0 1 2 3 4

Free Response Section (All Students)

15. The instructor who influenced me the most was

16. The CS course in which I feel I learned the *most* and its instructor were:

17. The CS course in which I feel I learned the *least* and its instructor were:

MS Students Only

18. Are there any courses you would recommend we add to the program?

19. Do you recommend any changes to the program?

20. Do you recommend changes in the administration of the department to better serve the graduate students?

21. Do you feel the educational experience of doing a thesis/project was valuable?

22. Please indicate any additional comments or recommendations that could help us provide a stronger program

PhD Students Only

23. Was the research/lab training received beneficial to your career?
24. Was the experience gained in writing of research papers valuable?
25. Was the emphasis place on the research component of the program appropriate?
26. Was the emphasis place on the course-work component of the program appropriate?
27. Do you think it is important for doctoral candidates to demonstrate a breadth of knowledge in CS in order to be admitted to candidacy vs just demonstrate a knowledge of the dissertation research area? If so, in what subjects?
28. In retrospect, what improvements or changes would you suggest to our doctoral program?
