

Interim PhD Yearly Progress Form

College of Arts and Sciences

Doctoral Student Academic Progress Report

Procedure: In accordance with University and College policy, the doctoral supervisory committee must annually assess, in writing, the academic progress of each student who has passed the Ph.D. Preliminary Examination. In order that progress reports for all doctoral candidates in the department are collected at the same time, this form should be used for those students who advanced to candidacy since the last review and hence **have not completed a full year in candidacy**. Once the student has been in candidacy for at least one year, the regular "PhD Yearly Progress Form" should be used. All forms (interim or otherwise) are collected in early spring semester to coincide with the portfolio review.

This report must be filed in the Ph.D. student's departmental advising folder or portfolio.

Student's Name: _____

Student's Social Security Number: _____

Department or Program: Computer Science

Major Professor's Name: _____

Date on which Ph.D. Prelims were passed: _____

Projected date of graduation:

Fall: _____ Spring: _____ Summer: _____ of 20____
