Project Presentation Schedule

For your second class presentation you will be presenting your course project. The project final report is due on April 20th. If your presentation is before April 20th, then you don’t need to have your project finished on the day of presentation. However, aim to make some significant progress on your project before your talk.

Presentations should be 15 minutes long. The presentation is worth 10% of your final grade.

April 6

Sam Kiswani
Sean Freeman
Andreas Adolfsson
Anshul Varma

April 13

Biswa Parajuli
Parteek Singh
