

FSU Curriculum File Syllabus

APPROVED

Date Approved _____ Course Number (when available) CEN 4012r
(to be filled in at Univ. level)

Course Title Mentored Software Project

Pre or co-requisites CEN 4010 Repeat code 04

Course objectives: (Objectives should be stated broadly enough to allow for individual faculty differences and for changes in mode of delivery. However, enough detail should be given to distinguish from other courses and allow assignment of a SUS common course number. **Committee approvals are required for a change in objectives**).

Experience creating or changing a large software system; putting principles of software engineering to practice

Brief outline of topics to be covered (without dates)

Evaluation criteria. CHECK ONE (Change in evaluation criteria requires the department to submit a new syllabus for the file)

- Exams only (the number and weight of each to be reflected on the student syllabus)
- Exams and other (such as lab reports or assignments, term paper or written project report, and oral presentation; the weight of each to be reflected on the student syllabus)
- No exams – only assignments (to be described clearly on the student syllabus)

For approvals – attach a syllabus to be distributed to students. It must state in writing: *an academic honor code statement* (which may refer students to the handbook) and a *statement satisfying ADA*.
